JUNE IS GLBT BOOK MONTH

From the ALA Website:

The American Library Association (ALA) established June as GLBT Book Month™ in 2015. It's a nationwide celebration of the authors and writings that reflect the lives and experiences of the gay, lesbian, bisexual and transgender community. GLBT Book Month™ is an initiative of the American Library Association and is coordinated through its Office for Diversity, Literacy, and Outreach Services and the Gay, Lesbian, Bisexual, and Transgender Round Table.

Bloom by Kevin Panetta

Now that high school is over, Ari is dying to move to the big city with his ultra-hip band—if he can just persuade his dad to let him quit his job at their struggling family bakery. Though he loved working there as a kid, Ari cannot fathom a life wasting away over rising dough and hot ovens. But while interviewing candidates for his replacement, Ari meets Hector, an easygoing guy who loves baking as much as Ari wants to escape it. As they become closer over batches of bread, love is ready to bloom . . . that is, if Ari doesn't ruin everything.

The Love and Lies of Rukhsana Ali by Sabina Khan

Seventeen-year-old Rukhsana Ali is looking forward to going to Caltech and getting away from her conservative Muslim parents' expectation that she will marry, especially since she is in love with her girlfriend Ariana. But, when her parents catch her kissing Ariana, they whisk Rukhsana off to Bangladesh, a world of tradition, and arranged marriages, where she must find the courage to fight for the right to choose her own path.

We Set the Dark on Fire by Tehlor Kay Mejia

At the Medio School for Girls, distinguished young women are trained for one of two roles in their polarized society. Depending on her specialization, a graduate will one day run a husband's household or raise his children. Both paths promise a life of comfort and luxury, far from the frequent political uprisings of the lower class. Daniela Vargas is the school's top student, but her pedigree is a lie. She must keep the truth hidden or be sent back to the fringes of society. And school couldn't prepare her for the difficult choices she must make after graduation, especially when she is asked to spy for a resistance group desperately fighting to bring equality to Medio. Will Dani cling to the privilege her parents fought to win for her, or will she give up everything she's strived for in pursuit of a free Medio—and a chance at a forbidden love?
